## Synopsis

The long-awaited new book on how to fix our broken government by the #1 New York Times bestselling author of *Liberty and Tyranny* and *Ameritopia*. In his #1 bestsellers *Liberty and Tyranny* and *Ameritopia*, Mark R. Levin has all but predicted the current assault on our individual liberties, state sovereignty, and the social compact—the inevitable result of an all-powerful, ubiquitous central government. Fortunately, such dire circumstances were anticipated by the Founding Fathers, who gave us the means to amend the Constitution in order to preserve our rights and prevent governmental behemoths. Here, Levin turns to the Constitution and its Framers to lay forth eleven specific prescriptions, thoughtfully constructed within the Framers'™ design, for restoring the American Republic. His proposals are pure common sense, ideas shared by many—such as term limits for members of Congress and Supreme Court justices and limits on federal taxing and spending—that draw on the wisdom of James Madison, Benjamin Franklin, Thomas Jefferson, and others. With *The Liberty Amendments*, the American people can take the first step toward reclaiming what belongs to them.

Mark Levin is a radio host and a Constitutional scholar. Invoking Article V of the Constitution, which sets out methods for amendments, Levin has proposed a number of changes to term limits, taxation, restoring states' power and more. Currently, states' powers have been almost completely overruled by Federal laws and mandates, debt is out of control, stretching past two generations of

American's ability to pay it off. Government spending is a significant proportion of GDP and the GDP itself is stagnating; is this caused by the heavy burden of non-productive government spending? Government regulation has even gone so far as to dictate what kind of light bulb can be manufactured and sold and choices in healthcare may soon be dictated by unelected bureaucrats. For those who think that this kind of centralized power is dangerous and even tyrannical, Levin's amendments seek to address the power that the Federal government has arrogated unto itself, a power that never was the original intent of the Founding Fathers and which reduces individual liberty significantly. Levin's amendments include: 1. Term limits, including for justices. 2. Repealing Amendment 17 and returning the election of senators to state legislatures. 3. A congressional supermajority to override Supreme Court decisions (overruling what could be a stacked court). 4. Spending limit based on GDP. 5. Taxation capped at 15%. 6. Limiting the commerce clause, and strengthening private property rights. 7. Power of states to override a federal statute by a three-fifths vote.
