# A Tale Of Two Plantations: Slave Life And Labor In Jamaica And Virginia

## Synopsis

Forty years ago, after publication of his pathbreaking book *Sugar and Slaves*, Richard Dunn began an intensive investigation of two thousand slaves living on two plantations, one in North America and one in the Caribbean. Digging deeply into the archives, he has reconstructed the individual lives and collective experiences of three generations of slaves on the Mesopotamia sugar estate in Jamaica and the Mount Airy plantation in tidewater Virginia, to understand the starkly different forms slavery could take. Dunn's stunning achievement is a rich and compelling history of bondage in two very different Atlantic world settings. From the mid-eighteenth century to emancipation in 1834, life in Mesopotamia was shaped and stunted by deadly work regimens, rampant disease, and dependence on the slave trade for new laborers. At Mount Airy, where the population continually expanded until emancipation in 1865, the surplus slaves were sold or moved to distant work sites, and families were routinely broken up. Over two hundred of these Virginia slaves were sent eight hundred miles to the Cotton South. In the genealogies that Dunn has painstakingly assembled, we can trace a Mesopotamia fieldhand through every stage of her bondage, and contrast her harsh treatment with the fortunes of her rebellious mulatto son and clever quadroon granddaughter. We track a Mount Airy craftworker through a stormy life of interracial sex, escape, and family breakup. The details of individual lives enable us to grasp the full experience of both slave communities as they labored and loved, and ultimately became free.

## Book Information

Hardcover: 552 pages

Publisher: Harvard University Press; 1st Printing edition (November 4, 2014)

Language: English

ISBN-10: 0674735366

ISBN-13: 978-0674735361

Product Dimensions: 6.5 x 1.6 x 9.6 inches

## Customer Reviews

One of those rare moments when one examines a book and says "Wow. He's still got it." Richard

Dunn has been an icon of historical scholarship since most of us were barely imagining a productive career as professional students of the historical past. Yet more than half a century into his career, he produces a work that is fresh, reasoned, brilliant, current. We're lucky to live in a moment when this magisterial work arrives. Dunn's study, based on painstaking research and a brilliant, analytical mind reminds us of the importance of archival research, of digging beyond the easy into the possible. It is an important work that should be on the shelves, on the desk, of anyone who wants to gain a comprehension of the roots of our racial past. A tour de force.

This book helped me link the pieces of my family tree together. It is a very interesting read. I've had the pleasure of meeting the author and his is a gem!

Finally a deep insight into the evils of slavery. Highly-rated. Some very good insights into the Machivellian economics of having enough slaves to get your blood work done.
