1965 Revolution In The Dominican Republic

Synopsis

****Ricardo Santiago's "Socialism and Struggle: Selected Works" (ASIN: B00DFLUDTO) contains the contents of this and dozens of other works, combined and offered at a greatly discounted price.****In 1965, the workers and farmers of the Dominican Republic poured into the streets, arms in hand, with the goal of creating a truly democratic, independent country. Under the leadership of the heroic Francisco Caamaño, they successfully held off U.S.-backed right-wing forces, and even members of the U.S. military itself for some time, although unfortunately, they were eventually defeated.

Customer Reviews

A socialist revolution in America's back yard? No, I'm not talking about Cuba. I'm talking about the subject of this book, which is a little known grass roots revolution that took power briefly in the Dominican Republic before the Marines showed up and helped elements of the old dictatorship back into power. I don't agree with the author's views, but it's tough to be against an authentic democratic uprising. The people of the Dominican Republic should have been left to determine their own fate. A great overview of a subject I never see covered elsewhere.

This is not a book, it's more like a Pamphlet. I can't believe I paid 99 cent s for this. Save your money and Wikipedia this info.
