# The Genesis Of Justice: Ten Stories Of Biblical Injustice That Led To The Ten Commandments And Modern Morality And Law

## Synopsis

Alan Dershowitz is one of America's most famous litigation experts. In the Genesis of Justice he examines the Genesis narratives to bring to the reader an insight into the creation of the ten commandments and much of what is now law.

Best Sellers Rank: #488,706 in Books (See Top 100 in Books) #286 in [Books > Law > Legal Theory & Systems > Jurisprudence](#) #347 in [Books > Religion & Spirituality > Religious Studies > Ethics](#) #428 in [Books > Religion & Spirituality > Judaism > Sacred Writings > Hebrew Bible \(Old Testament\)](#)

## Customer Reviews

Never underestimate Alan Dershowitz. That's a lesson I learned when I was a student of his at Harvard Law School. Just when it seemed like he was cornered, with his argument tattered to ribbons, he would emerge with a counterargument that depended on his first argument being devastated. He had just successfully set-up the other professor (who shall remain nameless here) once again. Since then, I have seen him use the same strategy successfully time and again in many of his most famous cases. He has the nerve to skirt the edge of defeat to grasp victory. So I was not surprised to see that having taken on the Book of Genesis as his client that a similar strategy prevails here. The book is based on his successful seminar on the same subject which he has recently been teaching at Harvard. He does a marvelous job of taking a religious text and examining it as a source of legal precedent both in sacred and secular terms. Few would have the nerve, but your understanding of Genesis will be greatly improved as a result. He encourages you, as well as his students, to bring your own religious beliefs to the discussion. He proposes no official interpretations, and shares a diversity of opinions from learned Rabbis and religious thinkers of the Christian and Moslem faiths. In each case, he also shares his own interpretation. If you are like me,

you will not always agree with him, but you will be interested to know what he concludes. He undertakes his inquiry in the spirit of a disputatious Hebrew school student who earned rebukes for his impertinent questions about where Cain's wife came from. He also draws from the Jewish tradition of encouraging the faithful to study the texts for their meaning.
