Customer Reviews

I found this book entertaining and actually had some pretty good ones that I've even tried. Some are so funny you'll get a big smile and laugh from the lucky person you have chosen to share with the art of picking up a hottie. I hope you enjoy it as much as myself.

It was a funny book and has a lot of stupid line in it I would recommend it to people who are trying to flirt with other

this is a really funny book. it's worth the 99 cents I paid. the book has some helpful pick up lines, not that would ever use them

Some of them don't make sense But at least It works because I got a girls number even though I wasn't talking to her

Some were funny but a lot I have heard before or actually used in the past. Never did work for me.

Honestly, I thought this was just going to be hilarious, but I have to say, besides the offensive ones, most of the others would actually work on me! (or just give me a good laugh, but still)

I didn't get any action off this book.... lol, just kidding, I'm smarter than that. The book is defiantly entertaining but I wouldn't say it's the best.

very fun to read, made me laugh out loudâ #funny_amazing# 103 made it seem long butnit was not actually that long. I.can not wait to show my bffs
