# Examples & Explanations: Conflict Of Laws, Second Edition

## Synopsis

A favorite among successful students, and often recommended by professors, the unique Examples & Explanations series gives you extremely clear introductions to concepts followed by realistic examples that mirror those presented in the classroom throughout the semester. Use at the beginning and midway through the semester to deepen your understanding through clear explanations, corresponding hypothetical fact patterns, and analysis. Then use to study for finals by reviewing the hypotheticals as well as the structure and reasoning behind the accompanying analysis. Designed to complement your casebook, the trusted Examples & Explanations titles get right to the point in a conversational, often humorous style that helps you learn the material each step of the way and prepare for the exam at the end of the course. The unique, time-tested Examples & Explanations series is invaluable to teach yourself the subject from the first day of class until your last review before the final. Each guide helps you learn new material by working through chapters that explain each topic in simple language challenges your understanding with hypotheticals similar to those presented in class provides valuable opportunity to study for the final by reviewing the hypotheticals as well as the structure and reasoning behind the corresponding analysis quickly gets to the point in conversational style laced with humor remains a favorite among law school students is often recommended by professors who encourage the use of study guides works with ALL the major casebooks, suits any class on a given topic provides an alternative perspective to help you understand your casebook and in-class lectures

[Theory & Systems > Conflict of Laws](#) #4831 in [Books > Textbooks > Law](#) #149022 in [Books > Reference](#)

## Customer Reviews

The class casebook was ridiculous - I stopped reading that the first week. From then on, I used this E&E as my textbook along with an outline I got from a classmate. This book is the reason I got an A! Half the time I felt like I had no idea what was going on in class, plus the class was full of very smart people - and yet I did well! (I'm definitely not the person people would have thought would finish at the top:) Not only that, the concepts really stuck with me since I did the E&E problems. If you stick with this book and really study it, you're going to do well in the class - I'm convinced of it!

The introductory summaries were very helpful. I wish I did a few more of the examples before the test, but the book did a good job outlining cases in the international law section.

Very helpful for those times during the semester where you find yourself wondering, why!? why did I sign up for this class!? Am I some kind of masochist? The answer to that question is of course yes, everyone in law school is. Back to the book, it was a great supplement to class and the reading and really helped me pull through some of the more vexing issues in this class.

This was a great supplement to our lectures. Of all the E&E's that I have bought, this one has been the most helpful and well worth the money.

As someone who has almost always used E + E extensively for any subject in which it is available, I have to say - this one stands out. It takes what can be incredibly dull and complicated material and instead makes it straightforward and engaging. In virtually every class, I sat there utterly confused as to what we were learning. But when I started using this book to prepare for the exam, I picked up the concepts almost instantly. The book is straightforward and engaging, and the examples and explanations really help clear up the ambiguities of the material. If you're taking Conflicts of Law, I highly, highly recommend this book.
