I'm a big fan of Mad Libs. Who isn't though? I'm used to the silly ones- the ones made for children or teenagers. Then I came across this and knew that I had to get it for my boyfriend for his birthday. (No, this wasn't his only gift but it was a fun addition!) We sat up for a few nights straight filling in the blanks and laughing at the stories that were created. The stories are fun and clever. Sometimes, as with most Mad Libs, the part of speech that they ask you to fill in doesn't always fit so well with the story or it doesn't make sense at all. I learned not to be frustrated with that long ago and just to go along with it. That's part of the fun! Definitely a great Mad Libs that will make you chuckle!

This is certainly not the perfect gift for your grandmother or your kid's scout leader, but if you know your audience this book will be just the thing to liven up a gathering. It's really not offensive, but excellent Mad Libs friend that certainly requires a sense of humor. It made a great gift for a recently engaged couple who love games and well.... games. Definitely a winner!

Got this for a bachelorette party- Some of them were really funny- others did not flow at all. It was

fun to add a little silliness to the party.

They were very funny. We used them at my Bridal Shower. Everyone had fun. Best after a few glasses of wine.

Perfect gift for a bridal shower!

This is a good couples game. My husband and I had a great time playing it.

Not as expected. Not sexual or very funny at all.

A good way to tweak your partners interest.
