# The Third Dozen: Roulette System

## Synopsis

If you had the ability to put the odds of winning at roulette in your favor, wouldn't you? The Third Dozen roulette system shows you how to cover 30 out of 38 numbers on the wheel, in a way that can allow you to win 166% of your bet in just five wins. That's more than double your money! Best of all, it's a simple system that you can learn and use in less than five minutes. There's no math, or complicated betting patterns. It works on American and European (0 and 00) roulette wheels, and no casino in the world will raise an eyebrow even if they know you're using it. If you can place three chips on the table, you can use this system, and win!

## Customer Reviews

I first learned about this system in 2010. My wife( at the time) and I went to Las Vegas and used the system. We started off with \$5.00 chips soon moved to \$25.00 chips. Within a couple of days, I found my wife betting \$100.00 chip. In the end, we made enough to pay for the trip and enough for the next stay in Las Vegas!!!!

Informative! A nice, fun read!

A++++

Nothing new here

it covers their system well, i plan on trying it soon
